JULY-WELCOME TO THE NEW ROTARY YEAR

This Week's Speaker

District Governor

Lisa Foster

Aloha and welcome to our 2009-2010 Rotary year! It is a privilege and pleasure to serve as your District Governor. Rotary provides us with many opportunities to grow personally and professionally by engaging us in humanitarian service in our community

and our world. It is important that we create partnerships and work together as a team, so that in our collective effort, we can continue to make a significant difference in the lives of those in need. We have a tradition of great leadership in D5000 and in our nation. District Governors have built upon the success of those who preceded them, and I look forward to being part of that wonderful tradition. The role of the District Leadership Team is to serve, inspire, motivate and support your efforts at the club level because the **Future of Rotary is in your Hands!**

This year, the emphasis is to promote continuity and focus on projects that address the urgent needs of clean water, sanitation, health, hunger, literacy and polio eradication. I encourage clubs to think outside the box, to be creative and to work collaboratively on projects that address these needs. Strategic planning, visioning and leadership programs can also strengthen clubs in all areas, by providing a vision and blueprint as to where clubs are now, and where they want to be in the future. I encourage all District 5000 clubs to participate in strategic planning and develop a club success plan with the support of club members.

We have the opportunity to continue the great work of our clubs by getting together early during the upcoming Rotary year for our first-time ever Fall Conference on September 26-27, 2009. The early conference will set the stage for fellowship, sharing ideas, and working together on projects that address clean water, health, hunger and literacy. The theme of the conference is, The Future of Rotary is in Your Hands: Building Bridges of Peace and Hope. The conference will offer workshops, hands-on projects and speakers who will inspire us to shape Rotary's future through service above self. A special conference for youth will be held concurrently during our session, allowing Rotarians to meet and interact with our young leaders.

At the end of our Rotary year in June 2010, I envision a thriving, vibrant, and growing District, whose clubs have achieved or surpassed their own club goals, each striving for excellence, and each being the best they can be. The future of Rotary will be shaped by members and their clubs. It is up to us, Rotarians, to build upon our past successes, to create Rotary's future, to build a stronger District and stronger clubs. Together, we can make a world of difference!
